

TESTING FOR ORCHID VIRUS

Testing is for the three most common viruses:

- Cymbidium Mosaic Virus (CymMV)
- Odontoglossum Ringspot Virus (ORSV)
- Orchid Fleck Virus (ORSV)

Send a 10cm (approx) labelled section of any leaf showing the symptoms that are of concern.

Please double bag in sealable plastic sandwich bags (to satisfy quarantine regulations) and send to the address below.

Cost is \$18.70 inc. GST. (as at September 2010).
Normally takes about a week to complete the test.

Ph: 03 6233 6845

Fax: 03 6278 2716
